

Booking Project Meeting Minutes

Weekly Scrum Meeting Minutes Meeting No: 11 Week 7 Meeting 1

Date:	21/04/2017
Venue:	Carlton Library, room 2
Attendees:	Jasmine Ellis, Declan McDonald, Thomas Higgins, Robert Laine-Wyllie
Apologies:	-
Copy To:	-

No.	Date	Discussion	Action/Person
1	21/04	Bug in Availabilities Controller.	Previous versions of the code on git are being reviewed as this is an old bug that has come up again. The bug will be resolved, just not in time for the demo. / Thomas and Rob
2	21/04	Requirements for part B were reviewed	How some of the specs will be implemented was discussed from a high level. Tasks for part B added to Trello / Anyone
3	21/04	Discussed the fact that view bookings does show previous bookings	Bookings view will be modified to show past bookings after clicking button that says "View past bookings". / Jasmine
4	21/04	Project was demoed to Product Owner	Layout needs to be improved, input validation needs to be added - in addition to part b functional requirements. Trello backlog was updated and tasks for this sprint were assigned / Anyone

PS: If there is any

No need to sign physically, just needed to share through your task management tool or google drive, so all members would be aware of the minutes, members can request for change in 28 hours if something is not valid or missed.

Booking Project Meeting Minutes

Weekly Scrum Meeting Minutes Meeting No: 12 Week 8 Meeting 1

Date:	25/04/2017
Venue:	080.04
Attendees:	Jasmine Ellis, Declan McDonald, Thomas Higgins, Robert Laine-Wyllie
Apologies:	-
Copy To:	-

No.	Date	Discussion	Action/Person
1	25/04	Discussed completion of wireframes and how well they meet our requirements and how easy they will be to implement	Declan will modify one of the current wireframes to better suit the current implementation and make it easier to complete
2	25/04	Discussed workings of current functions regarding what's complete and what's left to go. We discussed requirement for a modify booking types menu and the workings of making a booking as either a customer and a business	Tom will continue to work to implement the new menus for the functions discussed
3	25/04	Discussed current design progress. Declan drew up a quick wireframe. We discussed having a header with navigation on each page.	Declan will prioritise finishing this so the team can begin to implement it into some of the pages
4	25/04	Rob demoed registration and add employee input validation. Pointed out some problems with input validation in Add Employee.	Trello card created to fix add employee validation error.
5	25/04	Discussed changing the layout of most of the program from the way it is, opening new windows for each menu, to a new layout with a header and tab buttons, keeping everything in a single window aside from smaller interfaces	Rob will work on implementing this after the main functionality is complete, declan will also take this new layout into account when creating the design mockup. Jasmine and Declan will implement the new design. / Anyone

6		Discussed who need to be email regarding our extension and possible modified requirements	Rob wrote up an email asking Homy about his thought on Lawrence's proposal about modified requirements
7		Discussed what specifically we want to get done between now and the next meeting and who should be doing which parts.	Each person added more cards to the Trello describe and itemizing things that need to be done, then assign themselves or other people to tasks they've said to complete.

PS: If there is any

No need to sign physically, just needed to share through your task management tool or google drive, so all members would be aware of the minutes, members can request for change in 28 hours if something is not valid or missed.

Booking Project Meeting Minutes

Weekly Scrum Meeting Minutes Meeting No: 13 Week 8 Meeting 2

Date:	28/04/2017
Venue:	012.011.019
Attendees:	Jasmine Ellis, Declan McDonald, Thomas Higgins, Robert Laine-Wyllie, Homy
Apologies:	-
Copy To:	-

No.	Date	Discussion	Action/Person
1	28/04	Demoed what we have completed so far to Homy. Homy told us to only apply logging only to the main classes. Discussed scope for design implementation. We showed Homy that we currently meet all functional requirements.	Trello to be updated with new tasks.
2	28/04	What did each person accomplish since last meeting?	Thomas - The part B backend functionality and base elements. Rob - Added input validation to register and add employee. Declan - created wireframes and design mockup for GUI. Jasmine - implemented new design on homepage, fixed some bugs, wrote up test cases. / Anyone
3	28/04	What will each person do prior to submission.	Thomas - Implement logging to main classes, update class diagram, fix type processing bug, remove outdated elements, and general code cleanup. Ensure user manual is up to date. Rob - Complete input validation for add employee and registration. Add input validation Edit Service. Declan - Implementing layout for registration, edit employee, edit type. Adding lists to specialisation services. Ensure user

			stories are up to date. Jasmine - implement new design on View Bookings, Make booking, Add Employee. Update MVC diagram. Ensure test cases are up to date. Run all tests prior to submission. / Anyone
